

DELFIN CHANGELOG

LATEST
VERSION 8.91

DELTER

A DIVISION OF ALTRON

CHANGES FROM VERSION 8.90

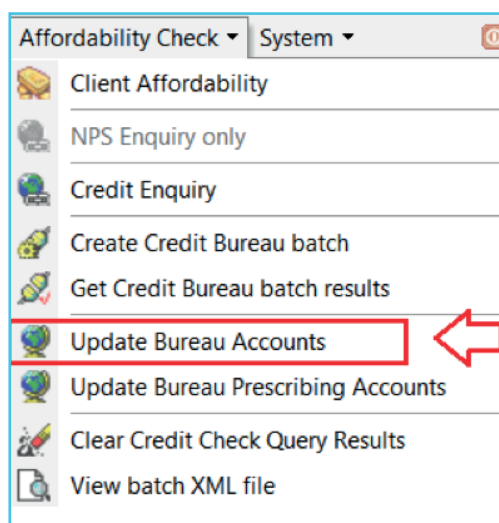

Updates:

- » NuPay's TPF charges can now be calculated and managed via a central server hosted by Delter and will cease the storing of the TPF value in Delfin. A request must be submitted to Delter's support department or to your NuPay CRC to initiate the switch. The switch does not automatically occur on update to V8.91.

New Features:

- » Loans already submitted as a Credit Bureau status Y account, have been added to the "Update Bureau Accounts" module. Users will now be able to update the Status, Balance, Arrears Balance, Months in Arrears, Last Paid Date and Last Transaction Date on the Y accounts.

To access this module, go to Affordability Check > Update Bureau Accounts, as highlighted in the image below:

Once the menu item is clicked the update screen will open and a user can update the specific fields if they have the permission to do so.

Bureau account update
